Residencies and cultural projects Call for applications: FKK DIGITAL December 08, 2025 - January 25, 2026

On the roof of Neubad Lucerne (cultural centre in a former indoor swimming pool) sits a 4.5-room apartment. With the 'FKK DIGITAL' project, we are looking for individuals or groups from the field of visual design/digital arts to live and work in Neubad for six to seven weeks. In addition to the spacious apartment as a place to retreat and work, the inspiring (empty) pool will be available as a workspace from December 22nd to January 9th. **The output goal of the residency is a visual light installation in the event room pool.** The resulting work will be shown at the legendary Neubad New Year's party and subsequently at the [Lilu Light Festival Lucerne](#).

FKK DIGITAL – What we offer

- A spacious 4.5 room apartment with kitchen, bathroom, large terraces (www.neubad.org/wohnung)
- Technical support, technical equipment and furniture (by arrangement)
- Short-Film documentation (2-3 Minutes) of the creation process and the residency stay, Photo Documentation of the result
- A production budget up to CHF 10,000
- A meal allowance of up to 5,000 CHF (depending on group size)
- Bistro discount, bistro vouchers, free entry to Neubad events
- Possibility to work undisturbed in the pool from 22.12.2025 to 09.01.2026

FKK DIGITAL - Project output specifications

- Visual projection design (projections, installations, interactive design) in the eventroom „pool“
- It must be possible to hold events in the pool while the installation is running
- The resulting work will be part of the [Lilu Light Festival Lucerne 15.01.-25.01.2026](#) and shown at the Neubad New Year's Party 10.01.2026.

FKK DIGITAL - Apply

Submit a project proposal with the involved participants, including a rationale as to why FKK DIGITAL is the right platform for the project. Provide details on the technical equipment required, as well as a budget and funding plan. Applications accepted until June 15, 2025
As PDF to residenz@lichtfestivalluzern.ch
